Featured Skills

Next / React / State Management / Testing / TypeScript / UI/UX

Experience

OCC (Contract): Senior Front-End Developer / JUL 2024 - JUN 2025

- Work with UX & Business teams to build fit for purpose solutions meeting all quality standards (including near 100%-unit test coverage)
- Independently develop User Interfaces featuring React, Typescript, SCSS, and Tailwind
- Participate in code reviews, proactively identifying and mitigating potential issues and defects
- Collaborate with other teams to develop integrated solutions around sourcing data
- Help implement Mock Service Worker to be able to get data without a backend
- Provide SDLC support to software in test, QA, and production environments
- Help identify and fix bugs across all solutions

Marex: Lead Front-End Developer / OCT 2020 - JAN 2024

- Led a team of five in building front-end solutions for stakeholders in an agile environment
- Used Miro to wireframe UI/UX solutions to then be built on the front-end using React
- Built a starter template in React to be utilized by all team members for rapid prototyping
- Used Kendo as the UI library and Tailwind for custom styling
- Implemented TypeScript for defining types and Redux for global state management
- Set up automated E2E testing using Playwright across all applications
- Worked in two week sprints where goals for each sprint were clearly defined and communicated
- Developed an internship program where I mentored and established a clear roadmap for each intern

Walker & Dunlop (Contract): Senior Front-End Developer / MAR 2020 - OCT 2020

- Building of platform components in VueJS using Storybook
- Connecting of front-end components to the API
- Creation of wireframes and designs to improve platform UX
- Work in fast-paced environment utilizing two week sprints

ICF: Senior Front-End Developer / JAN 2019 - MAR 2020

- Led the front-end development lifecycle
- Mentorship of team members on technical design approaches
- Led the standardization of web accessibility across projects
- Managed staging and production environment
